

**SG WIREMAN PTE LTD**

RUN BY ENGINEERS, TRUSTED BY ALL

# Company Profile

Your Trusted Electrical Engineering Partner

Delivering safe, reliable and future-ready  
electrical solutions.

---

## WHO WE ARE

SG Wireman Pte Ltd is an established electrical engineering company delivering comprehensive electrical solutions, supporting a wide range of facilities and infrastructure across Singapore.

We provide end-to-end electrical services, including electrical installation works, Licensed Electrical Worker (LEW) services, and preventive and corrective maintenance, supporting clients throughout the full lifecycle of their electrical systems – from installation and regulatory compliance to ongoing operation and upkeep.

Backed by experienced engineers, technical specialists, and in-house LEWs, we are committed to the highest standards of safety, regulatory compliance, and system reliability. Our team is trusted to operate in live and complex environments, ensuring minimal disruption while delivering dependable, compliant, and high-quality outcomes.

# VISION

To be a trusted electrical engineering partner, recognised for delivering safe, reliable and compliant solutions that support long-term operational performance.

# MISSION

**01**

Deliver high-quality electrical engineering solutions through strong technical expertise, disciplined execution, and professional workmanship.

**02**

Uphold the highest standards of safety and regulatory compliance, ensuring all works are carried out in accordance with statutory and industry requirements.

**03**

Support reliable and long-term system performance through proactive maintenance, effective problem-solving, and professional Licensed Electrical Worker (LEW) services.

**04**

Build lasting partnerships with clients by providing dependable support, clear communication, and consistent service excellence across diverse operating environments.

S

## **SAFETY & STANDARDS**

We uphold the highest standards of safety and regulatory compliance, ensuring all works are executed in accordance with statutory requirements and approved industry practices, especially in live and operational environments.

G

## **GOVERNANCE & TECHNICAL EXPERTISE**

Our projects are led by experienced engineers and supported by in-house Licensed Electrical Workers (LEWs), ensuring strong technical governance, accurate execution, and full regulatory accountability.

## **WHOLE-LIFECYCLE SOLUTIONS**

We provide end-to-end electrical solutions covering installation, licensing, maintenance, testing, and system optimisation, supporting clients throughout the full lifecycle of their electrical systems.

W

## **MANAGED RELIABILITY**

We deliver dependable and responsive support through proactive maintenance, clear communication, and disciplined execution, helping clients maintain reliable and uninterrupted operations.

M

# OUR SPECIALTY

Specialised Electrical Services & Solutions

## Our Core Services

Professional Electrical Engineering Services

HV / LV Electrical Installation Works

EMA Licensed Electrical Worker (LEW) Services

Preventive Maintenance Services  
(Shutdown Servicing of Electrical HV/LV)

Design & Build of Lightning Protection System

Predictive Maintenance & Services  
(Infrared Thermography, DGA Oil Test, Partial Discharge, Ultrasound Testing)

# ELECTRICAL INSTALLATION WORK

SG Wireman Pte Ltd delivers high-quality electrical installation works for commercial, industrial, and infrastructure facilities. Our projects are executed by experienced engineers and in-house Licensed Electrical Workers (LEWs), ensuring safe, compliant, and reliable electrical systems, even in live operational environments.

Trusted to deliver electrical installations in live and complex environments

## Professional Electrical Installation You Can Rely On

SG Wireman Pte Ltd undertakes a wide range of electrical installation works, including HV / LV systems, switchboards, transformers, power cables, and associated electrical infrastructure. We are experienced in coordinating works within operational sites, ensuring minimal disruption while maintaining strict safety controls and regulatory compliance.

Our disciplined execution approach, strong site coordination, and technical governance enable us to deliver dependable electrical systems that meet performance requirements and long-term operational needs.

Engineer-Led Project Execution

Complex HV / LV Installation Capability

Compliance-Driven Safety Management

Proven Live-Site Delivery Experience

# PV INSTALLATION

SG Wireman Pte Ltd delivers comprehensive Solar Photovoltaic (PV) solutions, providing end-to-end services covering system design, equipment supply, on-site installation, testing, and commissioning.

Our scope of work includes the supply and installation of PV modules, inverters, mounting structures, as well as complete DC and AC cabling works for both rooftop and ground-mounted systems. We carry out thorough testing and system verification to ensure optimal performance, operational safety, and full regulatory compliance prior to grid connection.

# PROJECT OBJECTIVES

## Achieve Optimum Performance

Design and install systems that deliver maximum energy efficiency and consistent performance across varying site conditions.

## Reduce Energy Costs for Clients

Help clients save on electricity bills through optimized solar system design, efficient installation and reliable operation over time.

## Deliver Quality Installation

Execute every project using certified materials, approved installation methods and precise workmanship to ensure system reliability and durability.

# Shutdown & Maintenance

Through scheduled electrical shutdowns, potential faults can be identified and rectified at an early stage, preventing escalation into system failures, unplanned outages, and costly operational downtime.

Regular shutdown maintenance ensures that protection systems remain accurate, equipment operates within safe parameters, and critical electrical assets continue to perform reliably throughout their service life.

## 01 Data Logging

We perform detailed electrical data logging to analyse load behavior, identify abnormalities, and support accurate capacity planning.

## 02 Predictive Maintenance

Using condition monitoring techniques, we detect early-stage electrical faults such as hotspots and partial discharge, enabling proactive intervention without disrupting operations.

## 03 LT & HT Shutdown Servicing

Our LT and HT shutdown servicing covers the complete maintenance cycle of low- and high-tension electrical systems, including inspection, cleaning, tightening, testing, and structured shutdown procedures.

## 04 Loadbank Testing

Our load bank testing verifies the performance, capacity, and reliability of power systems under simulated load conditions, ensuring operational readiness and dependable power delivery.

### LETTER OF APPRECIATION FOR SG WIREMAN PTE LTD

I am writing to express my sincere appreciation for the exceptional electrical services provided by SG Wireman Pte Ltd to PDG SG1. Their team has consistently demonstrated a high level of expertise, efficiency, and dedication in addressing our electrical needs since 2022.

SG Wireman Pte Ltd had been our trusted partner in ensuring the smooth operation of our PDG SG1's electrical infrastructure. Their prompt response to any issues and their ability to provide effective solutions have been instrumental in maintaining the reliability and performance of our electrical systems.

The professionalism and competence displayed by the SG Wireman have truly set them apart. From troubleshooting to implementing preventive measures, they have shown a deep understanding of our specific requirements and have gone above and beyond to meet them.

We have been thoroughly impressed with the company's commitment to excellence, attention to detail, and the seamless execution of their services. It is evident that SG Wireman Pte Ltd places a strong emphasis on customer satisfaction, and their proactive approach in preventing potential electrical issues has been invaluable to our operations.

In conclusion, I wholeheartedly appreciate SG Wireman Pte Ltd for their outstanding electrical services and support.

Yours Sincerely,

**Asher Ling**

## LETTER OF RECOMMENDATION FOR SG WIREMAN PTE LTD

I am writing to express my sincere appreciation for the outstanding services provided by SG Wireman Pte Ltd in the areas of Licensed Electrical Worker services, servicing maintenance, electrical installations and emergency response for our multi-tenant buildings.

SG Wireman Pte Ltd has been an invaluable partner for MCST 4570 over the past 4 years. Throughout our collaboration, their team has consistently demonstrated a commendable level of professionalism, expertise and reliability in all facets of their work.

One of the standout qualities of SG Wireman Pte Ltd is their unwavering commitment to adhering to timelines. Their ability to complete projects promptly has been crucial in minimizing disruptions to our daily operations. In addition, their responsiveness during emergency situations has been truly impressive. When faced with urgent electrical issues, SG Wireman Pte Ltd exhibited swift and effective problem-solving, ensuring minimal downtime for our tenants.

A key factor that sets SG Wireman Pte Ltd apart is their dedication to teamwork and communication. Their collaborative approach with our team and effective communication throughout various projects have not only streamlined processes but also fostered a positive working relationship.

In conclusion, I wholeheartedly recommend SG Wireman Pte Ltd for their consistently high-quality work, marked by professionalism, reliability and effective communication.

Thank you for the excellent service provided by SG Wireman Pte Ltd and I look forward to our ongoing collaboration.

Yours Sincerely,

A handwritten signature in cursive script that reads 'Chew'.

## LETTER OF RECOMMENDATION FOR SG WIREMAN PTE LTD

I am delighted to provide this letter of recommendation for SG Wireman Pte Ltd, a trusted partner in electrical contracting and Licensed Electrical Worker services. As the main contractor overseeing projects, we have consistently sought the expertise of SG Wireman Pte Ltd for their exemplary services, encompassing electrical contracting work and LEW services and servicing maintenance for commercial, industrial, residential and multi-tenant building projects.

From the outset of our collaboration, SG Wireman Pte Ltd has consistently demonstrated an exceptional level of professionalism, technical proficiency and an unwavering commitment to delivering excellence. Their work has not only met but consistently exceeded our expectations and their adept project management skills have played a pivotal role in the seamless execution of each undertaking.

One of the hallmarks of SG Wireman Pte Ltd's performance is their unwavering dedication to quality and efficiency. The team's commitment to adhering to industry standards and regulations ensures the safety and reliability of electrical systems across diverse projects. We have witnessed their meticulous attention to detail, fostering a level of confidence in their ability to deliver outstanding results.

Furthermore, SG Wireman Pte Ltd's proactive approach to problem-solving and their ability to navigate unforeseen challenges during a project have been commendable. Their open communication and collaborative spirit have fostered a positive working relationship between our teams, contributing significantly to the overall success of our projects.

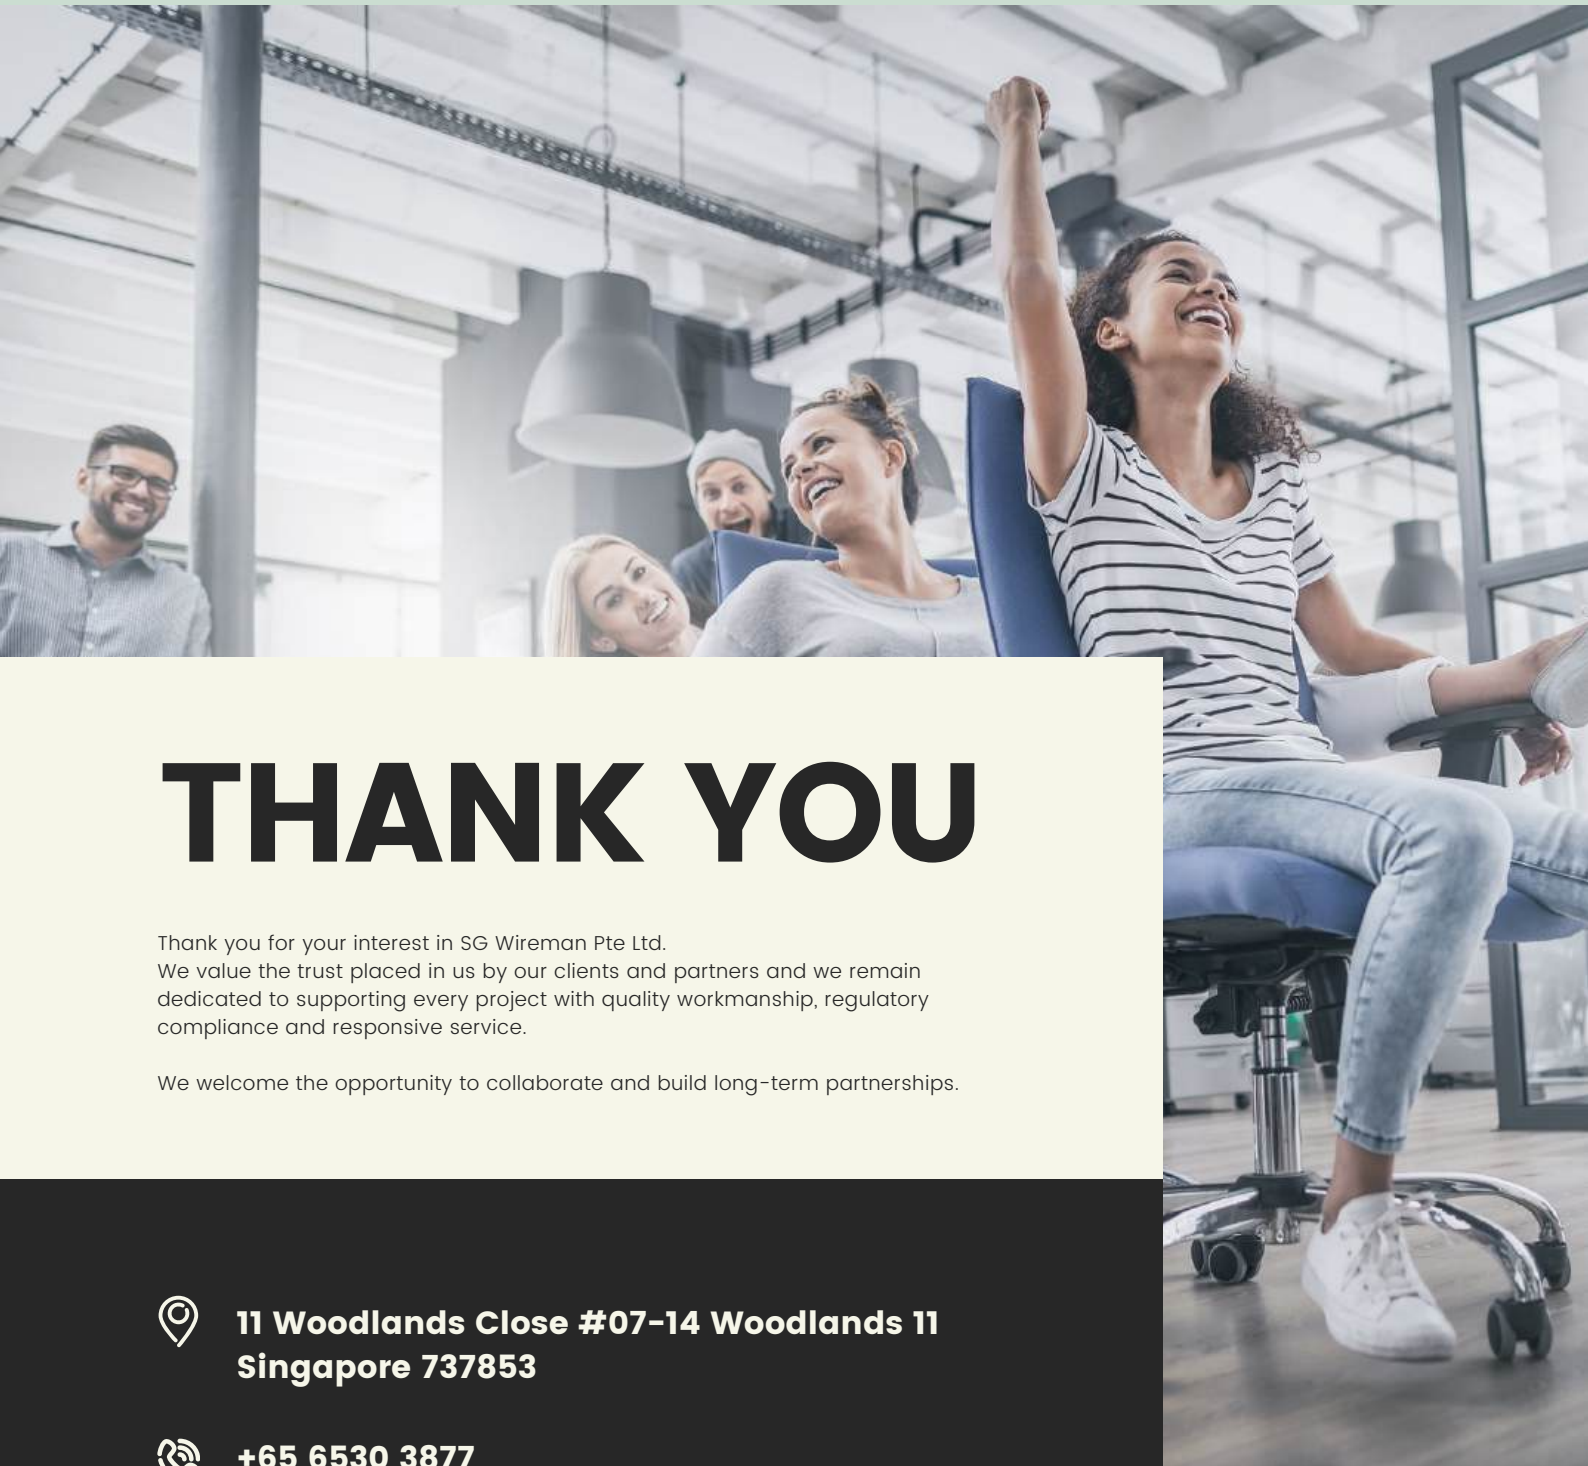

I wholeheartedly recommend SG Wireman Pte Ltd for their exceptional electrical contracting and LEW services. Their consistent delivery of quality work, coupled with their exemplary project management capabilities, positions them as a reliable and invaluable partner in the construction industry. I eagerly anticipate the opportunity to continue our successful collaboration on future projects.

Yours Sincerely,
